Freeware-license agreement

Preamble

The following agreement governs the rights and responsibilities between you (the "Partner") and the Novalnet AG ("Novalnet") in relation to the cost-free software solutions Service and Support provided by Novalnet, by connecting your e-commerce systems to the payment platform of Novalnet. Services, which Novalnet offers in accordance with a service contract to its partners, are not affected explicitly by this agreement. From this particular agreement, is not explicitly affected the services Novalnet under the contract between the parties to the service contract partners are providing. By installing and using the software, you automatically confirm that you have read this freeware license agreement and agree with it. If you do not agree to these conditions, as a partner, please do not install and use the software.

License

Novalnet grants you a non-exclusive, free of charge right of usage on the payment modules provided by Novalnet free of charge and all further modules Novalnet publishes elsewhere whose duration is limited to the duration of the service contract between the parties involved. According to the license agreement, you may install the software on one or more computers and use them. The license for the software is free. The partner agrees to the usage of the payment modules and / or parts of modules exclusively for the Novalnet-provided services, mentioned under the Treaty/agreement. The partner is not entitled to any technical support of any kind from Novalnet. Novalnet is therefore not obliged to ensure the maintenance or revision or development of the software.

Copyright

All title, ownership rights and intellectual property rights to and from the Software, as well as all copies of the software, and any related documentation, are the property of Novalnet (www.novalnet.de). All rights are reserved. Novalnet reserves legal measures in case of a breach of this Agreement.

Guarantee and Liability

The Payment modules will be explicitly made available as they are defined. For the correct functioning of the payment modules and / or parts of the payment modules, Novalnet does not provide guarantee. Similarly Novalnet assumes no liability for damages and / or consequential damages, directly or indirectly which can be associated with the use of Novalnet cost-free payment modules, unless the damage is intentional or through gross negligence. Not part of this disclaimer agreement, is damage caused from injury to life or health.

Legal claims and severability clause

The laws of the Federal Republic of Germany will be applicable. The place for court of law or going to court will be Munich. Should any present or future provision of the Agreement, in whole or in part, become invalid, for reasons other than the § § 305-310 of the Civil Code (BGB), the validity of the remaining provisions of the agreement will not be affected. The parties shall replace the ineffective, invalid or unenforceable provision by a valid one that will be void in its legal and economic substance, of the ineffective or not feasible provision, and also in compliance with the overall purpose of the agreement. The same applies, if after the conclusion of the agreement, there are gaps or loopholes found in the agreement. The provision of § 139 BGB (severability) is totally excluded.

Regarding this document

Explanation of all Instructions:

In this document there are two types of Instructions:

Instructions, those give you useful information, but are not that sensitive or urgent in their nature. These instructions will be marked with the following symbol

 Please Note, ...

Instructions, those you must follow; Otherwise it would lead to major functional errors. These instructions will be marked with the following symbol.

 Kindly take major note of this, ...

Prerequisite

In order to avail a copy of the most recent update of the WooCommerce plugin, you need an account set up in the Novalnet CRM tool. In case you do not have an account already, kindly contact us at +49 (0)89 – 9230 683-20. This way, we can set up a test account in our system which will then be accessible for you. All the necessary information to configure your WooCommerce plugin will be sent to you via e-mail.

You are most welcome to visit our Homepage <http://www.novalnet.com> which also provides you a link to our “Demo Shop”.

The screenshot shows the Novalnet website interface. At the top, there is a header with the Novalnet logo, contact information (+49 (0)89 923 068 320, sales@novalnet.com), and links for Login and Contact. A red 'GET A QUOTE' button is also present. Below the header is a navigation bar with tabs for Payment Modules, Solutions, Products, Technology, Partners, About Us, References, and News. The 'Payment Modules' tab is active, and a dropdown menu is open under 'Shop Systems'. This menu lists various e-commerce platforms, with 'WooCommerce' highlighted. Below the list, there is a 'Module Download' button and information about the current Novalnet payment module version (2.0.0) and its compatibility with WooCommerce versions (2.1.0 - 2.2.10). A link to 'Go to demo shop' is also provided.

Module Download

Current Novalnet payment module version : 2.0.0

Compatible with WooCommerce versions : 2.1.0 - 2.2.10

» Go to demo shop

Steps of installation

Kindly follow the below mentioned procedures to install the module:

Step 1:

Please do all the changes mentioned in “**wordpress_woocommerce_novalnet_readme_en.txt**” file.

Step 2:

After the successful backend installation, enter the URL e.g. <https://woocommerce.novalnet.de/wp-admin/> and enter username and password to login into admin panel.

The image shows the WordPress login interface. At the top is the WordPress logo. Below it is a white login box with a shadow. Inside the box, there are two input fields: 'Username' and 'Password'. Below the 'Password' field is a checkbox labeled 'Remember Me'. To the right of the checkbox is a blue 'Log In' button. Below the login box, there is a link for 'Lost your password?' and a link for '← Back to Wordpress Woocommerce'.

Step 3:

Kindly, upload the Novalnet payment plugin via **Plugins -> Add New** in the left panel, by doing that a new page will get loaded (**Add Plugins**) click on the **“Upload Plugin”** button.

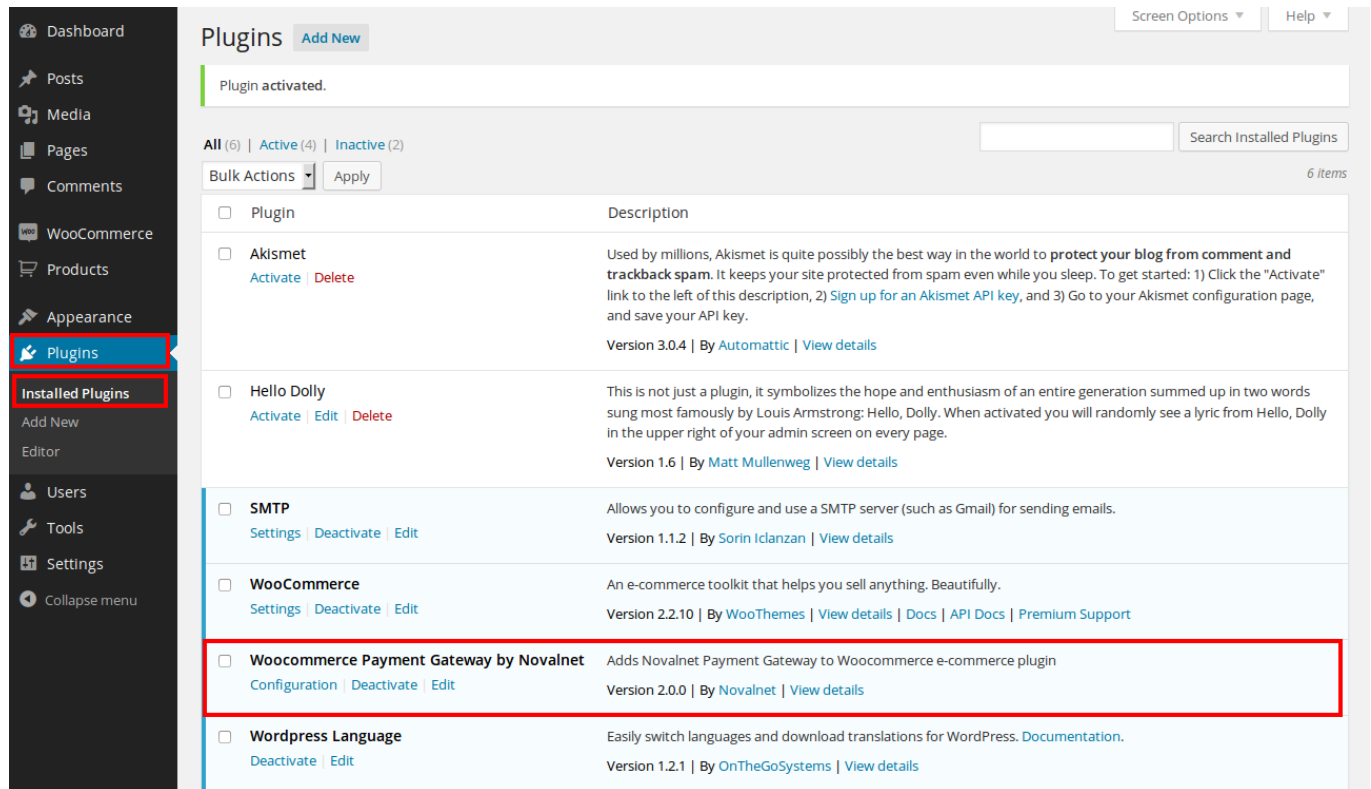

Browse the Novalnet payment plugin **“woocommerce-novalnet-gateway.2.0.0.zip”** and finally click on the **Install Now** button to install our payment plugin.

Step 4:

Activate the uploaded plugin by click on the **Activate Plugin** link as mentioned below:

Step 5:

Once activated, the Novalnet plugin will be available in the menu **Plugins -> Installed Plugins**.

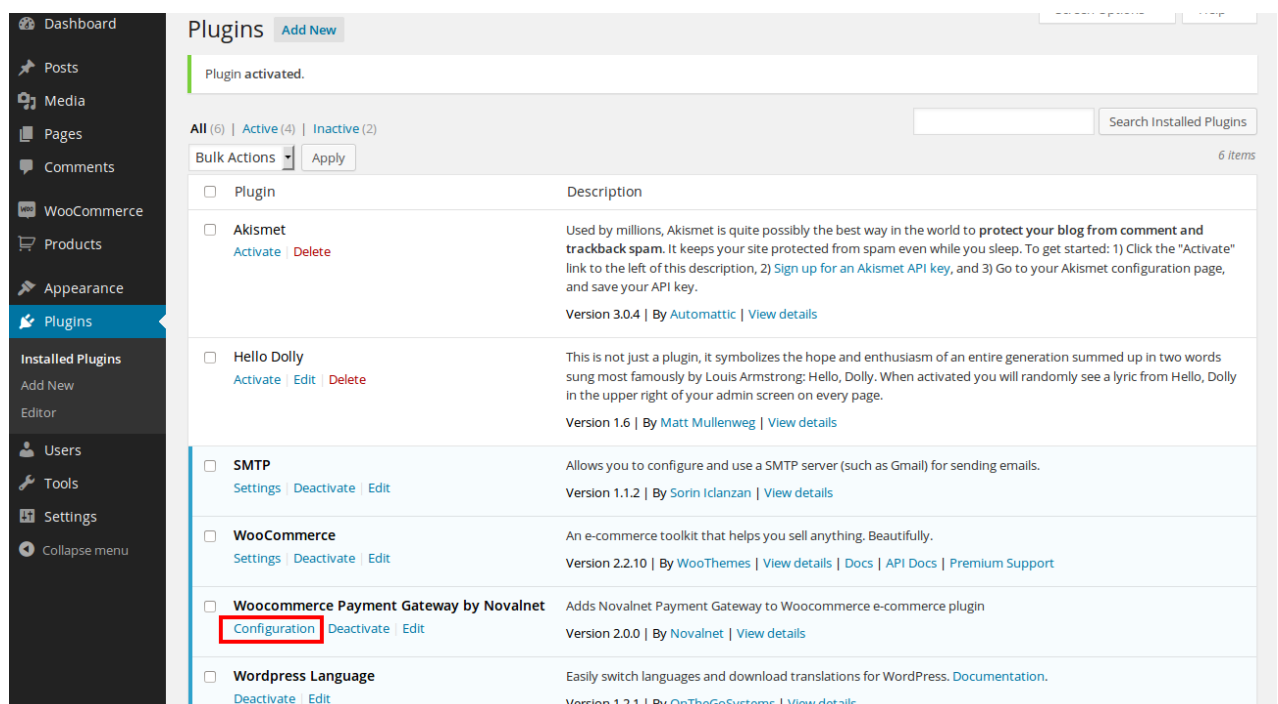

The screenshot shows the WordPress dashboard's 'Plugins' section. The left sidebar has 'Plugins' and 'Installed Plugins' highlighted in red. The main content area shows a list of installed plugins. The 'WooCommerce Payment Gateway by Novalnet' plugin is highlighted with a red border. It is currently inactive, with links for 'Configuration', 'Deactivate', and 'Edit'.

Plugin	Description
<input type="checkbox"/> Akismet Activate Delete	Used by millions, Akismet is quite possibly the best way in the world to protect your blog from comment and trackback spam . It keeps your site protected from spam even while you sleep. To get started: 1) Click the "Activate" link to the left of this description, 2) Sign up for an Akismet API key , and 3) Go to your Akismet configuration page, and save your API key. Version 3.0.4 By Automattic View details
<input type="checkbox"/> Hello Dolly Activate Edit Delete	This is not just a plugin, it symbolizes the hope and enthusiasm of an entire generation summed up in two words sung most famously by Louis Armstrong: Hello, Dolly. When activated you will randomly see a lyric from Hello, Dolly in the upper right of your admin screen on every page. Version 1.6 By Matt Mullenweg View details
<input type="checkbox"/> SMTP Settings Deactivate Edit	Allows you to configure and use a SMTP server (such as Gmail) for sending emails. Version 1.1.2 By Sorin Iclanzan View details
<input type="checkbox"/> WooCommerce Settings Deactivate Edit	An e-commerce toolkit that helps you sell anything. Beautifully. Version 2.2.10 By WooThemes View details Docs API Docs Premium Support
<input type="checkbox"/> WooCommerce Payment Gateway by Novalnet Configuration Deactivate Edit	Adds Novalnet Payment Gateway to Woocommerce e-commerce plugin Version 2.0.0 By Novalnet View details
<input type="checkbox"/> Wordpress Language Deactivate Edit	Easily switch languages and download translations for WordPress. Documentation . Version 1.2.1 By OnTheGoSystems View details

Step 6:

Novalnet Global configurations will be displayed under either of the two ways,

1. It can be configured by clicking the link **Configuration** under the **"WooCommerce Payment Gateway by Novalnet"** from the **Plugins** menu.

This screenshot is similar to the previous one, but the 'Configuration' link under the 'WooCommerce Payment Gateway by Novalnet' plugin is highlighted with a red box.

2. It can be also configured via **WooCommerce -> Settings -> Novalnet Global Configuration**.
Update Novalnet configuration data and click on the **“Save Changes”** button.

WooCommerce **Settings**

The 'General Details' section shows the order date as 2015-01-16. The 'Billing Details' section lists the address as Novalnet, Novalnet Test User, Gutenberg, 85737 Ismaning, with email josephinem_a@novalnetsolutions.com and phone 00798454. The 'Shipping Details' section lists the address as Novalnet, Novalnet Test User, Gutenberg, 85737 Ismaning. The 'Customer Note' section, highlighted with a red box, contains the text: 'Direct Debit SEPA', 'Novalnet Transaction ID : 1308640000711965', 'Test order', 'Transaction confirmed successfully', and 'Refund has been executed for the TID:1308640000711965 with the amount €70.00'. The 'Order Notes' section, also highlighted with a red box, contains the text: 'Refund has been executed for the TID:1308640000711965 with the amount €70.00', followed by a timestamp and a 'Delete note' link. The 'Order Actions' section includes a 'Move to Trash' button and a 'Save Order' button. The 'Order Notes' section also includes a timestamp and a 'Delete note' link.

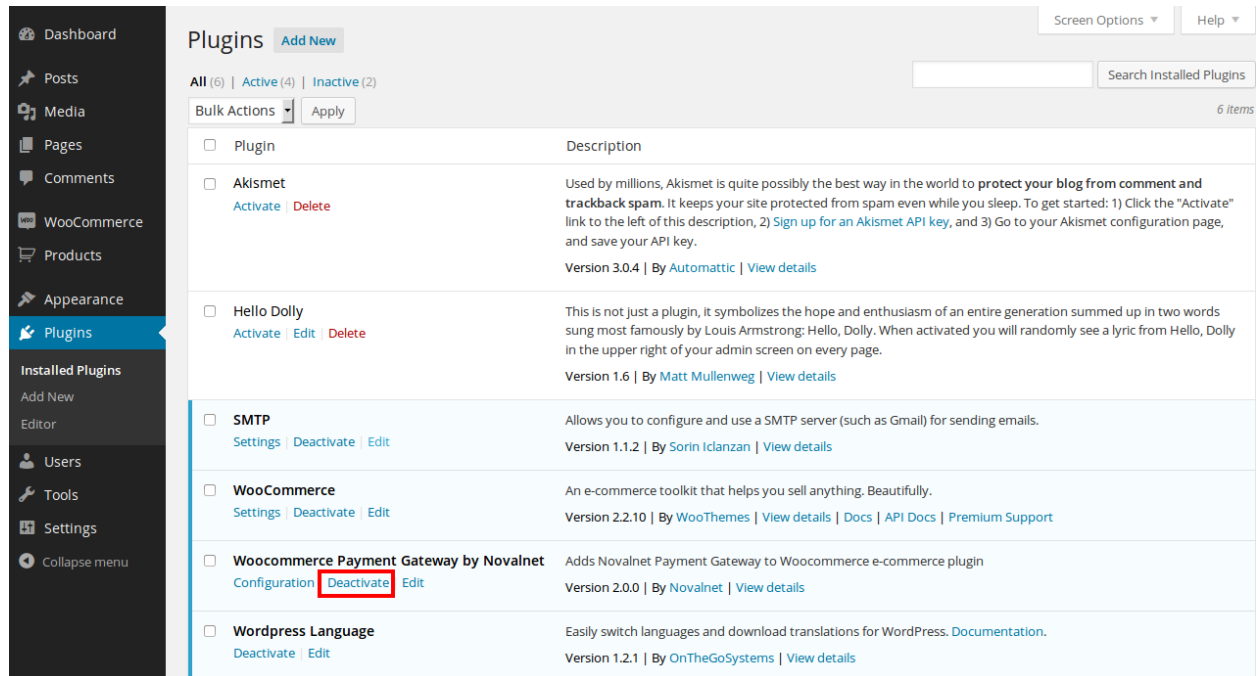

Note:

Once the amount has been refunded fully, the order status will be changed to **“Refunded”** automatically.

Unistallation process

Step 1:

We can deactivate the Novalnet payments plugin via **Plugins -> Installed Plugins -> Deactivate**.

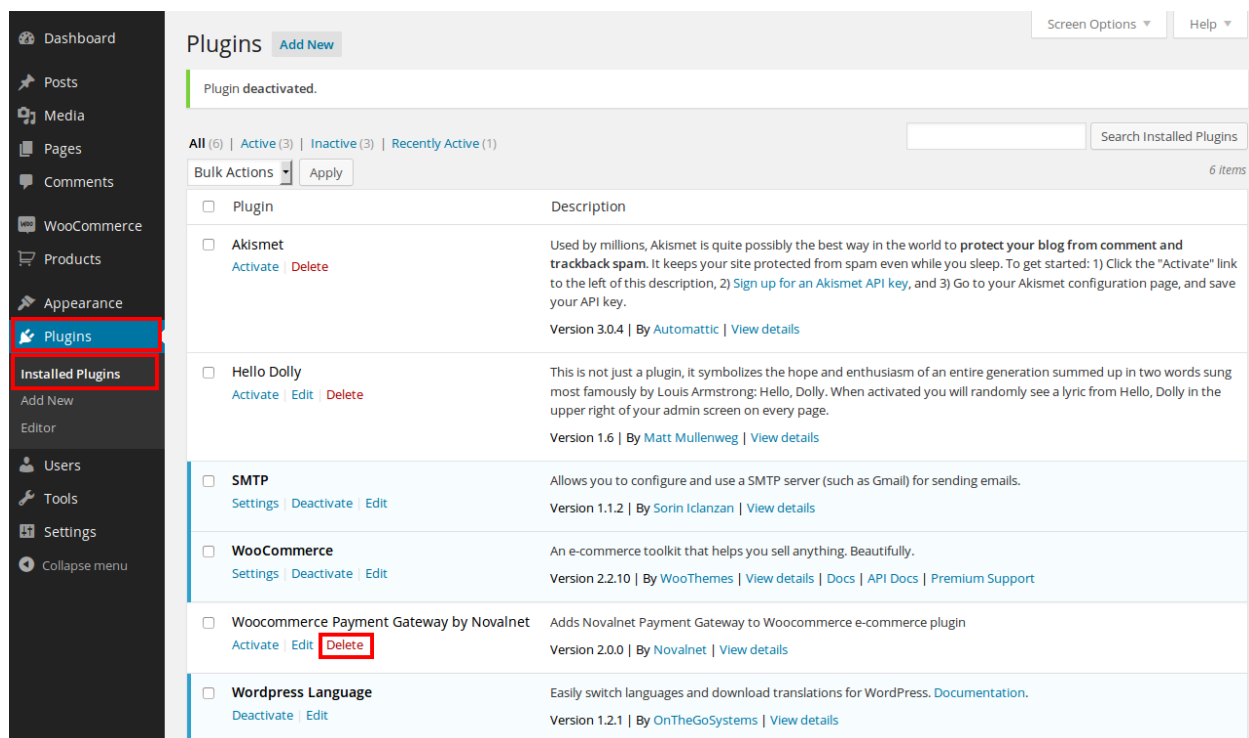

The screenshot shows the WordPress 'Plugins' page. The left sidebar has 'Plugins' selected. The main area shows a list of installed plugins. The 'Woocommerce Payment Gateway by Novalnet' plugin is highlighted, and its 'Deactivate' link is circled in red.

Plugin	Description
Akismet	Used by millions, Akismet is quite possibly the best way in the world to protect your blog from comment and trackback spam. It keeps your site protected from spam even while you sleep. To get started: 1) Click the "Activate" link to the left of this description, 2) Sign up for an Akismet API key, and 3) Go to your Akismet configuration page, and save your API key. Version 3.0.4 By Automattic View details
Hello Dolly	This is not just a plugin, it symbolizes the hope and enthusiasm of an entire generation summed up in two words sung most famously by Louis Armstrong: Hello, Dolly. When activated you will randomly see a lyric from Hello, Dolly in the upper right of your admin screen on every page. Version 1.6 By Matt Mullenweg View details
SMTP	Allows you to configure and use a SMTP server (such as Gmail) for sending emails. Version 1.1.2 By Sorin Iclanzan View details
WooCommerce	An e-commerce toolkit that helps you sell anything. Beautifully. Version 2.2.10 By WooThemes View details Docs API Docs Premium Support
Woocommerce Payment Gateway by Novalnet	Adds Novalnet Payment Gateway to Woocommerce e-commerce plugin Version 2.0.0 By Novalnet View details
Wordpress Language	Easily switch languages and download translations for WordPress. Documentation. Version 1.2.1 By OnTheGoSystems View details

Step 2:

By deactivating the plugin as mentioned below, the Novalnet payment methods will be removed from the shop. To delete the entire package from the client server, click on the **"Delete"** link.

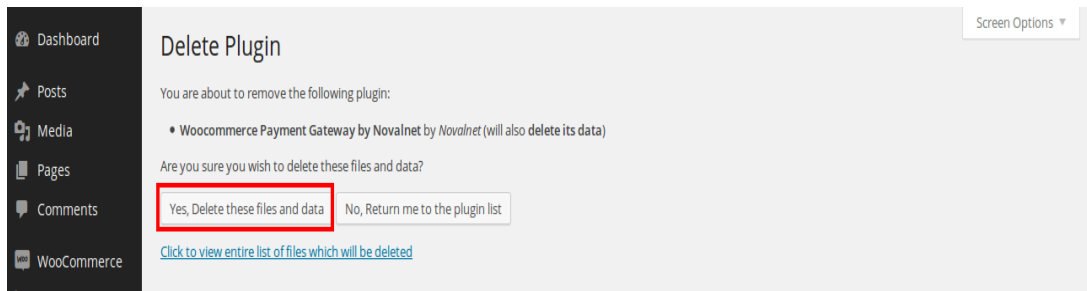

The screenshot shows the WordPress 'Plugins' page after the 'Woocommerce Payment Gateway by Novalnet' plugin has been deactivated. The 'Delete' link for this plugin is highlighted in red.

Test Mode	Yes	Testmode / yes= no real Transactions Testmode / no = You are „LIVE“ Real Transactions will be processed
Novalnet Payment access key	a87ff679a2f3e71d9181a67b7542122c	Novalnet Payment access key field use only for Credit Card 3D Secure, Online Transfer, iDEAL and PayPal.

Test bank data

In order to test the various payment types, we provide you the following Test Bank data.

Kindly only use this test data; otherwise there will be real transactions which will be processed by your credit card acquirer.

Kindly note, that all such test transactions will be deactivated or cancelled at midnight. Test bookings will be cancelled and deleted from your admin at midnight automatically. Test bookings will not be sent to the credit card acquirer for further processing.

As soon as you have completed testing your payment types, kindly write an e-mail to sales@novalnet.de; so we can switch you to "Live" Mode. Only then, real transactions will be made possible from your account.

Kindly please note that, in the WooCommerce Plugin, you would need to change the settings and turn your Shop to Live Mode.

Credit card details for test

Card holder	: Max Mustermann
Credit card number	: 4200 0000 0000 0000 (14 x 0)
Credit card no. for AMEX	: 373953192351004
Expiry	: Any Future Date
